PERSONAL PROJECTS

Cricket score management system (2021 - 2022)

- It is based on c programming language. It employs file management to store data like as player name , player's team name, run etc & proving a managed output for the team.

Whether forecast App (2022 - 2023)

- <https://github.com/Avneesh-kumar-1/WHETHE-FORECAST-APP>
- Whether forecast app project is a weather condition tracker that uses the Open Weather API to fetch current weather data for a given location . It is based on html5, CSS, javascript.

Netflix Clone App (2023 - 2024)

- Netflix clone project provides users with a wide range of options to choose from, including movies, TV shows, documentaries, and other video content. It is based on MERN technology.
